## THE SIZE OF COINS AND MEDALS

In this Catalogue, is given in Millimeters.

### ABBREVIATIONS USED.

Al.	Aluminum.	CS.	Counterstamped.	var.	varieties.
AE.	Copper.	m. m.	mint mark.	W. m.	White metal
AR.	Silver.	R	Reverse.	**	Unassorted
B.	Brass.	unc.	uncirculated		

N. B. Special attention is called to the various abbreviations occasionally used in this catalogue, to indicate the condition or state of preservation of the pieces offered. BFR Barely fair; VFR Very fair; G Good; VG Very good; F Fine; VF Very fine; EF Extra fine; PF Proof.

Copies of this Catalogue, giving prices realized, neatly executed in red ink, 50c. Cash with order. Acquaint yourself with the prevailing rates for coins, etc. Many collectors order them.

In the matter of Coin Collecting, there is no outlay of funds that brings equal satisfaction, to that expended for priced catalogues of current sales.

Coins and Medals are sold at so much per piece. Kindly make your bids accordingly. Do not bid by the lot. If a lot contains 10 pieces and you desire to offer \$2.00 for it, make your bid 20c.

My terms for buying are 5 per cent.

Auction Sales are strictly for cash. Parties unknown to me must send a deposit covering at least 25 per cent. of their bids, otherwise they will not be accepted.

Collectors with experience have found that all catalogues and all sales are not alike.

My attributions will be found accurate, descriptions ample for recognition and the grading of condition, fair and just, with an absence of lottery throughout the catalogue, also a sparing, appropriate and justified use, of the word rare. Special care and attention to these important matters, featured my first coin sale catalogue and it has been uniformly maintained in all of my one-hundred and ninety-one public sales.
